Did you know that shaping your eyebrows is the quickest and cheapest way to look younger?

Eyebrow expert Nathan Williams from Sydney's Parlour B salon says brows define and frame your face, and if you shape them properly you can get away with wearing less make-up.

'Perfect brows lift and enhance the eye area, which is a great pick-me-up,' he says.

While it's a great idea to see a brow specialist at least once, these tips will help for DIY maintenance.

WHAT YOU NEED TO KNOW

Eyelids droop and brows creep towards the lids as we age, so keeping brows natural with a slight arch will open up the eyes. Brow hairs also become finer and sparser, so Nathan recommends filling them in with a brow powder.

HOW TO GROW THEM BACK

Over-tweezed? Try not to panic (easier said than done!). Just keep brows tidy while you're waiting for them to grow back and fill in with colour where you over-tweezed.

'I love tweezing my eyebrows at home. I never get them done – I just do them myself. I'm obsessed with Rubis Tweezers [pictured below]. They last a long time and they're sharp and precise.'

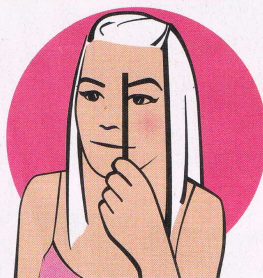

WHAT'S THE RIGHT SHAPE?

Thin is not in! Brows worn thick, groomed and with a natural arch are right on trend. 'Thicker brows will make you look younger,' make-up artist Napoleon Perdis says. 'Resist the urge to over-tweeze as you get older, as hard lines can be less flattering.' **NI**

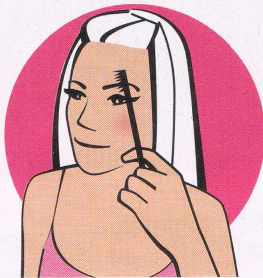

WHAT YOU NEED: 1 Artiste Professional Double Ended Brow Brush, \$9.95. 2 Rubis Point Tweezers, \$59.95. 3 Benefit High Brow, \$39. 4 Bloom Retractable Brow Definer, \$24. 5 Manicare Illuminating Tweezers, \$19.95. 6 Benefit Brows a-go-go Brow Shaping Kit, \$68. 7 Maybelline Define-A-Brow Gel, \$12.95.

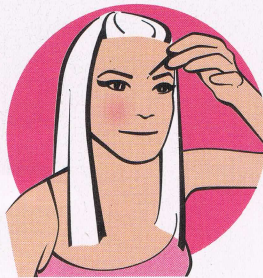

HOW TO: GET THE PERFECT SHAPE

STEP 1 Line up a brush with outside of nose and inside corner of eye, then with outside corner of eye to work out where brow should start and finish.

STEP 2 Before tweezing, give brows a good brush through using an eyebrow comb and soften skin with a hot face cloth.

STEP 3 Follow the natural shape, tweezing only the strays under and between your brows, making sure not to take the centre too wide.

STEP 4 Use a brow pencil or powder to fill in any gaps then comb brows again, making sure they are neat and tidy. Set with brow gel.
